Assessor Comments	An outstanding line of future breeder Aussie White ewe lambs. Tops of the drop and out of a well renowned flock, these present as an excellent opportunity to launch into shedding sheep or bolster a current flock. They are in a strong forward to prime condition and have excellent weight for age, being only April/May drop. Ewe lambs were weaned at assessment. The Pudney family has been breeding Aussie White's for 12+ years and always produce top notch lambs with high yields and weight gains a real feature of the flock. These come with my highest recommendation. To be sold as two lines of 50 as a run out the gate.
