Assessor Comments	An even line of vendor bred Glenwood SRS Merino blood 2 yr old ewes. Ewes have a great start in the wool, carrying between 1.5"-2" of skin throughout flock being shorn on the 7/7/26. Ewes typically cut 17.5 micron wool. These ewes would make a great addition to any breeding, wool focused flock with the ability to match that with carcass quality and weight for age.
