Assessor Comments	On offer is 4 lines of 200 1 - 1.2 year old Merino Ewe Lambs/Hoggets that are to be sold as a run out of the gate. Genuine Breeders sheep purchased from the Johnstone Family's 'Mulwarree' property in Warren NSW. They have bred Raby Blood Merinos for over 80 years and were bought as a complete drop of ewe lambs in April. Three weeks after arrival they cut 2.4kg of 16.5 Micron wool and the main line yielded 62.1% These ewes have literally doubled in size in just over 5 months and are maturing into very good looking dual purpose young future breeders that carry some spectacular wools. I expect they will mature as large frame ewes and would comfortably join to the ram of your choice from here on. These ewes are RWS eligible and will receive a full crutch prior to delivery. The vendor is willing to apply Clik at crutching by arrangement. Please note at assessment, a tail of 70 sheep were drafted out of the 800 on offer and the 187 sheep assessed represents 23% of the mob. This assessment has been duplicated across the 4 lots on offer. Buyers please note the extended delivery time to allow for crutching.
