Assessor Comments	FLOCK DISPERSAL: Great opportunity to purchase 345 quality 1½-year-old Merino ewes, all classed in breeders for a self replacing merino flock. Representing generations of selection and breeding. The Smith family has been breeding this bloodline since 1940, giving these sheep a remarkable history of more than 80 years of consistent breeding and selection. Boonongo has been introduced within the last 20 years adding further depth and consistency to this established breeding program, prior to Boonongo they were using One Oak. These are genuine Riverina sheep, bred with an emphasis on performance, wool production and longevity. This is a genuine full dispersal, with the entire flock being offered for sale solely due to a change in direction within the business.
