Assessor Comments	Neat line of classed in breeders from Hansen Farms that are being sold early due to slight downsizing of sheep operation. Hansens are known for purchasing genetics at the top end of the SWM & Benefield catalogs aiming to grow large frame sheep that produce plenty of high-quality wool. Having recently had their first lambs weaned off them, these girls are rebounding well and with years of breeding left in front of them they won't disappoint. Also note line of 2023 drops ewes also in sale.
