| Assessor Comments | A nice even line of young Pastora blood Ewes that will continue to grow and perform for the purchaser with a little tail taken out of mob. These ready to join Ewes are really freshening up after shearing. Vendor takes great pride in the wool and the Ewes performance, cutting 5.5 kgs at 16 microns with a staple length of 104 mil. These Ewes have always cut a nice fleece of wool for previous purchases. please note- 1 black spot on front leg, see photos |
