Assessor Comments	An excellent opportunity to secure well grown young future breeders. These ewes come from a well bred flock of ewes with fertility and growth some key target areas. The flock annually scans 170% without triplets in the mature ewes and this year they went on to mark 160%. They are a very good square sheep that is very muscular and also has great bone depth and capacity. The brothers to these ewes have the ability to reach heavy export weights but also suit supermarket specs as well. A great opportunity not to be missed. Ewes will be reserved at $350.
