Assessor Comments	124 of the Woodoona Merino Stud Future Breeder Ewe Hoggets. A/M/J 25 Drop, M/TS, Sept Shorn. MN3 & Brucellosis accredited. These young ewes are large framed heavy wool cutting young sheep from the Woodoona Stud and commercial flocks. Woodoona sheep are known for their fertility and i expect these young ewes to be no different. I highly recommend these young ewes they will improve any merino flock and make profitable first cross mothers. ***Please note-Innocent weed on property, none identified at assessment.
