Assessor Comments	On offer are a neat line of 200 NSM young ewes. The Evan's family have been sourcing their genetics directly from the Taylor Family's Mumblebone Merino stud for 8 years through A-Grade flock rams. These ewes are at the ideal weight and condition to join straight away to the ram of your choice. Buyers please note, 5 of the bigger ewes were mouthed at assessment still with their milk teeth and showed no signs of spreading. A hard article to find of quality maidens with their entire lives in front of them. Buy with confidence.
