Assessor Comments	Good line of July/August 2025 drop, Gullengamble blood ewe hoggets and lambs. Ewes present in good forward condition having been grazing barley crop with a small 8% tail removed. These ewes provide an oppurtunity to take onto mature weights and join to a ram of buyers choice. These ewes have been bred by a vendor that prides themselves on culling hard to breed merinos that are dual purpose, fertile, efficient to run, have great doing ability as well as maintaining an adult wool cut of 6-7kg. Ewes present with good skins averaging 50mm in length and are non-mulesed. Ewes are being offered in three lots of 216 with a run out the gate delivery. Vendor is willing to do light market crutch prior to delivery at buyer request.
