Assessor Comments	Annual offering of NSM Future Breeder Merino Ewe Hogget's A/C YARONG POLL MERINO STUD FORBES NSW. 145 NSM Merino Ewe Hogget's are a May 2025 Drop and display excellent growth for age averaging 62.6KG at assessment, with 100% of line weighed and assessed. Ewes originate out of the heart of the Yarong Poll Merino stud and commercial flock, with over decades of selective breeding & classing behind program. Stud principle Neil Williams selection process targets traits such as high IMF, heavy muscle, early growth & high fertility. Ewes are plain bodied with a bare breech area, structurally correct, deep bodied and display good muscle. Ewes were shorn on the 30/8/26 and present with 28mm of wool. Ewes have been vaccinated with Zoetis Gudair and are originating out of a closed flock that only introduces stud sires onto property. Ewe's present an excellent opportunity to secure a line of modern merino future breeders with many years of high performance infront of them!!! Ewes come with accessors recommendation.
