Assessor Comments	A very good line of classed out ewe hoggets off Westwood. These ewe hoggets are normally retained for xbred lamb production but are being sold due to surplus sheep numbers. The westwood flock consistently produces heavy lambs whether it be merino lambs or crossbred lambs. Lambing at 120% as a flock average, 6kgs of wool and highly fly tolerant these ewes present as a very easy care highly productive article. Ewes have been drenched and backlined off the board for buyer confidence. Rams selected annually from the Richmond production sale for high growth, wool, confirmation and fertility. Ewes have been split over to lots a 200 and a 119 to suit buyers and will be a run out the gate at delivery
