Assessor Comments	Offering on behalf of AW + SM Munn is a line of 225 1st X Ewes. Ewes are AUG/SEPT drop and were bought in December 2025 as Ewe Lambs out of Bourke. The ewes are medium frame but show great stretch and growth for age and averaged 56.7kg over the scales at assessment and are continuing to improve with the out of the wool with harder feed and warmer weather. Ewes were October shorn and have had their OJD Vaccination and backlined off shears. Really neat line of Future Breeders with all the hard work done to take on and increase your prime lamb production.
