Assessor Comments	An excellent opportunity to secure quality genetics from the renowned North Cowie and Glenlea Park Poll Merino bloodlines. These ewe hoggets have had all the hard work done and with a rising plane of nutrition and a ram of your choice, they present an exciting opportunity to capitalise on the current buoyant sheep and lamb markets. Despite being born in a particularly challenging season, these ewe hoggets have developed excellent length and offer plenty of potential to grow into large-framed, plain-bodied breeding ewes with a quality wool clip. A great opportunity to invest in proven genetics and build your future breeding program. Please note for the buyers confidence these ewes have been preg scanned empty.
