Assessor Comments	Buyers, here is an excellent opportunity to purchase a large offering of Dorper ewe lambs from the mighty “Terrick” flock, one of the largest and extremely well run Dorper operations anywhere in Qld. These are all out of Burrawang blood ewes with rams accessed from their company owned Burrawang Dorper stud that provide top genetics annually to their large breeding flock. These lambs presented fresh and lively and should continue to bounce ahead if they continue to get access to nice fresh feed. These will suit to mate to rams for the ever-reliable lamb trade that looks to be very secure in the immediate future. These are all the White Dorper portion of the mob being offloaded. All up there are 1321 that will allow buyers to minimise the freight component by purchasing both lots. Buyers note, the photos and videos were taken straight after they had about 10mm of rain fall on them so not ideal conditions for photography.
