Assessor Comments	A nice line of 2021 drop NSM merino ewes. Ewes weaned 130% lambs this year. Vendors core flock came from Western NSW before relocating to 'Lachlan Downs'. Ewes carry Bungulla & Pelvna bloodlines in a self replacing flock. Ewes have previously produced a good fleece of wool and a very good lamb joined to the merino. Alternatively, these ewes would produce a very nice cross bred lamb if joined in that manor. Generally ewes show good length of body, sound confirmation and ae true to type. A 20% tail of the these ewes were removed at assessment.
