Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	A nice line of 2025 drop NSM merino ewe Hoggets. Ewes present in generally forward condition having improved after shearing. Vendor has been on Bungulla blood for a number of years trying to produce a good fleece on the back of fertile females showing good length of body. Ewes are generally true to type and should continue to grow out given the right opportunity. Portion of these ewes carry scur horns.
