Assessor Comments	A line of ewes that present in forward store condition ready in the coming months to be joined up given right management by the successful purchaser. These sheep were brough ex Watervalley in the South East of SA earlier this year. These ewes are plain bodied and are a medium framed sheep. They would suit both a self replacing Merino breeder or a terminal production. A handful of these sheep were still showing strong lambs teeth at shearing back in October. Bid up with confidence these sheep will continue to go forward and perform as future breeders in years to come.
