Assessor Comments	A nice line of mixed age Dorper ewes and lambs that are continually joined to both Dorper and White Dorper rams. This presents a great trade opportunity, with the ability to split the ewes and lambs later on and take advantage of the positive outlook for both lamb and mutton markets, or to retain the younger sheep and add to an existing flock. The ewes are in great condition on the back of an excellent season and the lambs are fresh. These sheep are only being sold due to the sale of Mazar Station.
