| Assessor Comments | A good line of 85 White Suffolk/Merino first cross ewes, 6–7 years of age, Ewes present in forward store to prime condition displaying good frame, depth and carcase characteristics. Recently treated with Tridectin and Clikzin. A useful line of mature, heavier framed ewes suitable for processors or further breeding. These ewes have recently had lambs weaned off them at 150% and are only up for sale as the property is up for sale. Always produced top lambs, featuring great weights for age and always did very well at local markets or direct |
