| Assessor Comments | LM25102. Quality AWSBA Australian White flock ram offered on account of Lake Midgeon Australian Whites. This 12 month old ram weighs 86kg at assessment and is displaying excellent carcass merit, with outstanding natural muscle expression and thickness. This ram is sired by the elite Tattykeel "XXXX Gold", purchased by Lake Midgeon for $120,000 in 2021, and is out of elite Tattykeel Australian White stud ewes that formed the foundation of the Lake Midgeon stud. Rams are presented unshorn and without foot trimming, reflecting their genuine commercial working condition. They have been grown predominantly on improved pastures and crops, with access to oats through a feeder for the past three weeks. Rams are available for inspection by appointment. |
