Assessor Comments	On offer is an even line of mixed age Composite ewes with Composite lambs at foot. At marking they had 125% lambs at foot to ewes joined. Lambs are growing quickly with help from a very good milking ewe and the spring feed. 80% of ewes blue and white tags giving them all of their breeding life in front of them and small number of aged ewes. Lambs all marked and vaccinated and looking very sappy and healthy.
