Notable Traits	Traits 4 Head Ringworm		
Assessor Comments	Buyers a quality line of Angus future breeder heifers. These heifers are extremely quiet to handle, 100 heifers in the line to be offered in 4x lines of 25 run out the gate. These heifers were very even with only 63kgs from lightest to heaviest, averaging 273kg at time of assessment. Cluden Newry and Landfall bloodlines they would be a great addition to any breeding operation. Alternatively, they would grow out to make medium to heavyweight yearlings suitable for all grassfed markets being Greenhams NE acc and NG/NA Note: A total of 17 head out of the 100 offered in this line were identified as having some signs of ringworm Note: Vendor has multiple lines in this sale
