Assessor Comments	Buyers the second line of Poll Hereford sired steer yearlings averaging 351kg. These steers were bred at Lochiel and then moved over autumn/winter to excess feed. These 10-12 month old steers have really hit their straps over the mild winter and present as a very even line, with only 30kgs from lightest to heaviest. They have good frame and length, with shape, style and softness. Going forward these steers will grow into well finished medium to heavyweight cattle suitable for all grassfed programs being Greenhams NE acc, JBS FA and NG/NA Note: Vendor has one other line in this sale
