Assessor Comments	A very good line of PTIC Autumn calving Angus heifers that are showing plenty of style and shape. Heifers are AI'd to industry leading Cluden Newry Uppercut U15 (\$275,000) to calve February 26th. Heifers were purchased as one mark from Chris Hall Investments, Bridport These heifers are backed by good genetics and would be a great addition to any herd. They're a good line of young females with plenty of doing ability and should go on and do a good job for any herd. The vendor is also offering another three groups of PTIC heifers in this auction. Buyers please note, a percentage of heifers have warts present. These are only cosmetic and are not affecting them.
