Assessor Comments	A very good line of PTIC Autumn calving Angus heifers that are showing plenty of style and shape. Heifers are AI'd to industry leading Paringa Stateman S115 to calve March 15th. Heifers were purchased as one mark from Chris Hall Investments, Bridport These heifers are backed by good genetics and would be a great addition to any herd. They're a good line of young females with plenty of doing ability and should go on and do a good job for any herd. The vendor is also offering another three groups of PTIC heifers in this auction. Buyers please note, a percentage of heifers have warts present. These are only cosmetic and are not affecting them.
