Assessor Comments	Black Baldy heifer calves from "Pleasant Valley". They have once again been presented with an excellent temperament. The mobs get shifted and fed in regular 3 day rotations. Electric fence trained. By "Valma T017" Hereford bull and from a well bred Angus cow base, these heifers are suitable to grow out to feeder weights or fatten into heavy trade or export requirements. Highly recommended! Nil Grain, Nil Antibiotics, Grass fed only and Never Ever accredited.
