Assessor Comments	A Very good line of " Keeper" Landfall & Cluden Newry Angus Cows with Fresh Sappy Calves at foot . These Cows are pouring Milk into their calves with the Cows presenting in very Good Store to Forward Store condition, starting to lose their winter coats. A line of females that would fit into any herd to top up numbers or Start a new herd with Cows that will not disappoint.Cows are good Medium to Large Frame and would handle a lot more weight given the opportunity. Greenham Never Ever ,JBS Farm Assured , Grassfed Only, Antibiotic free. 3 Cows having old pinkeye scaring on 1 eye (non affecting) . 37 Cows were yarded for assessing and only 36 Calves arrived at the yards. It is believed ALL Cows have a calf , This will be monitored prior to delivery and numbers adjusted accordingly to Calves at foot.A great opportunity not to be missed .Parallel assessment TESS MINCHIN
