Assessor Comments	A Very Good Line of Angus Steer Calves Weaned with excellent temperament soft easy doing calves that have come through a tough autumn and winter and now responding to growth and sunshine, most gaining 1 + kg per day over 5 day period. They are good frame calves from big bodied Angus cows and should grow out into heavy trade or bullock weights . They have 3 smaller younger brothers in this sale. Please note some have small warts . Nil Grain Nil Antibiotic.
