| Assessor               | Buyers a great opportunity to secure a good 2 deck line of PTIC Red & Blue tag Angus and Angus/Hereford/Ultrablack cows all in calf to Ardrossan and Booroomooka blood bulls including eight cows and calves (all calves will be EU USDA NOP Organic), these are the colours out of the large run of Cows on offer today. Cows were purchased in February as replacement breeders from Southern Queensland and NSW, due to change of direction they have come to the market. Cows are predominantly medium framed cows with some large and smaller frame in the mob (please note the majority of the lighter weights were mouthed as 4 teeth ,2nd calvers) best described as young to middle aged, purchased as 2 - 8 yrs old and of those mouthed all were sound mouth .Please note two cows with old blight scarring in one eye several with old fly rub marks, one with no tail and three with capped hip. Vendor has eight lots of sisters this sale. |                         |                             |

| Fit To Load            | Please note that current Fit To Load standards place restrictions on the transportation of FEMALES IN LATE PREGNANCY. Cattle in the last 4 weeks of pregnancy are advised not to be transported unless under Veterinary approval. Responsibility for adherence lies with Agent, Vendor, Transporter and Purchaser.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                         |                             |
