Assessor Comments	A good to very good quality line of EU Accredited Angus PTE young cows and two heifers. They were purchased privately earlier this year from a neighboring property as PTE store cows with a view to either rejoin or fatten them. They have not been rejoined and they were vet preg tested again at assessment to ensure NDP. They are mostly medium framed cows with approx 25% larger framed. There are 2 maiden heifers in the the line which are rising 2 yrs old and are the 2 K tag heifers which are under 400 kg. Young and healthy PTE cows that offer buyers a range of options.
