	Quiet: 10 head	Quiet: 7 head Slightly Stirry: 3 head	Temperament not assessed in Paddock
	Majority of cows were nice and quiet to handle through the race and crush with only the odd cow sightly stirring. Cattle looked to have been educated very well and were a pleasure to handle throughout the assessment process.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	A tidy line of well bred Angus x Droughtmaster young cows with plenty of life left ahead of them. Cows were bred out of nice big framed Droughtmaster cows by Angus bulls. Cows have been running on lighter traprock country and have not long started being supplemented due to on going dry seasonal conditions, so should perform well given the chance on better feed. Potential buyers should be able to buy the cows with confidence knowing they are in calf to the reputable Palgrove Ultrablack Sires. *** Please Note: Vendor has another lot of 35 PTIC Droughtmaster cows in this sale.
