Temperament	Yards	Crush	Paddock
	Quiet: 20 head Slightly Stirry: 15 head	Quiet: 12 head Slightly Stirry: 23 head	Temperament not assessed in Paddock
	Cows flowed well through the yards and race with majority slightly stirring in the crush. However once released back into the mob settled quickly. Cattle looked to have been educated well and were a pleasure to handle throughout the assessment process.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	A good quality line of 6yr old predominately Droughtmaster with the odd Droughtmaster X cows. Good solid breeder cows with good length, depth and bone. Cows have been running on lighter traprock country and have not long started to supplementary fed, so should perform well given the chance on better feed. These cows would be a real asset to any Crossbred breeder herd and potential buyers can buy with confidence knowing cows are in calf to the reputable Palgrove Ultrablack sires. Cows are only for sale due to on going dry seasonal conditions in the area. *** Please Note: Vendor has another lot of 10 Angus x Droughtmaster cows in this sale.
