Assessor Comments	RAW family trust presents the September calving heifers from their PTIC program. These 52 selected Angus heifers are present in pre-calving condition with plenty of fitness grazing the Myponga beach hills. Joined to SEXED FEMALE SEMEN, AI sire Allendale True Blue T325 for a 19th of September calf, enjoy the benefits of low BW, high growth with a tight calving. Drafted and selected these heifers with heifer calves present, with outstanding rebuild potential. Heifers bought true to type, developed right, AI mated, well handled and educated, there's nothing left to do but calve down. Please note that heifers are close to calving when considering transit distances Heifers will be re preg checked prior to delivery for assurance. Vendors are offering another 42 smaller heifers in the sale Further freight assistance to successful purchasers by prior negotiation.
