Assessor Comments	A good line of 46 Angus/Angus cows with 46 calves at foot, presenting as genuine commercial breeders. These cows have proven themselves as productive females with the quality of their calves on display and continue to demonstrate excellent maternal ability. The cows are by Spiriby North Angus bloodlines, with the calves sired by Black Thor and Clarence Park Angus bulls, offering purchasers proven genetics and a quality foundation for any breeding enterprise. Please note one cow has a stumpy tail, and six cows have slightly blue eyes. Overall, this is a sound line of proven breeders with quality calves at foot that will make a great addition to any breeding herd. There is also another 17x17 heifers & calves in this sale.
