Temperament

Yards	Crush	Paddock
Quiet: 21 head Slightly Stirry: 4 head	Quiet: 19 head Slightly Stirry: 3 head Stirry: 3 head	Quiet: 25 head

These heifers have been well educated prior to purchase. They handled very well on mustering and moved through yards calmly. You can notice the difference with the fresh feed going through them they are much more alert and responsive without being aggressive. Once used to surroundings you can drive to within a few yards of them.

Handled With	Bikes , On foot , Vehicles

Notable Traits

	Traits
1 Head	Cloudy eye (1 eye)
1 Head	Old abscess which has burst on jaw (pics). Vet inspected.
2 Head	Old pink eye spot
1 Head	Showing Santa traits and white underbelly (pics)

Assessor Comments	A nice line of well bred Angus heifers which are PTIC to top quality calving ease Narranmore and Clunie Range bulls. The heifers are 6 - 7 months in calf and are now doing extremely well on good feed. Originally purchased from breeders at Ophir in the central west, the heifers carry Noonee bloodlines. Most heifers still had milk teeth at assessment with 9 just breaking 2T. The summer and autumn weren't kind to these girls however a late autumn break has turned them around and they are doing extremely well on fresh winter pasture. They are a deep bodied Angus which should develop into nice matrons. Averaging 415kgs at assessment they have a bit of growing to do yet before calving. One heifer had an abscess on jaw which the vet lanced and drained at assessment. She will be re-evaluated at delivery. One heifer has a cloudy eye and a couple with old small scarring. These cattle were treated with a drench and loucacide early June and re treated at assessment. Please see pics. Ready for a spring calving.
Assessor	**Ricky Looten (Level 1 Accredited)**
Delivery Period	10/08/2026 to 14/08/2026 (5 days)
Delivery Point	"Pine Grove" cattle yards, approx 13 km north of Gulargambone on Back Gular Road. GULARGAMBONE NSW 2828 Lat: -31.2416344597265 / Lng: 148.434751246982
