Typical dairy-cross temperament, these females are quiet and easy to handle through the yards and crush, being regularly handled.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	An outstanding line of 25 vendor-bred Angus/Friesian PTIC cows, rising 4 years of age and joined to proven Limousin sires from Pelican Rise and Railway Limousins. These large-frame females are well grown, even throughout, and present in excellent condition, combining fertility, frame and maternal performance. Quiet to handle and professionally managed, they will commence calving in early September and are ready to develop into productive, long-term breeders. The Limousin-cross calves from this herd have established an excellent reputation, with the same repeat buyer returning year after year due to their outstanding growth, performance and market appeal. The vendor is also offering another quality line in this sale. Please note: the Limousin bulls these cows were joined to are featured in the photos.
