Assessor Comments	A very good line of Angus, Angus Cross young cows. Cows have been preg tested in calf to to calve Sept/October. Statement available from the vet. Cows are medium to good frame. 2 smaller frame cows in mob. 38 head purchased ex Dalby Sale as 1st calf heifers - calved out and rejoined. Balance are vendor bred. Purchased cows are 1 brand and show very good bone and type. Appreciate the weight of these young cows being in good store condition due to a very dry season. Cows are preg tested in calf 7-8 months to Clunie Range bulls. vendor will load comfortable 2 decks and if any cows don't load, will take out the vendor bred cows which are the lightest. Cows have an excellent temperament. Ideal cows for breeding operation or to calve out and split. Genuine breeders, only being offered due to dry conditions. Well recommended.
