	Cows were generally good to assess with the exception of 10 being assessed as slightly stirry and 1 as stirry, this was due to being jumpy and unsettled in the crush during mouthing etc. but when put back into the mob all cows settled very well.

Assessor Comments	On offer buyers a great opportunity to purchase a line of young Cows & Calves. This is a regretful sale of genuine breeders that are only being sold as the direction of the operation has changed back into dairying. These cows are mostly second calves with the exception of 3 being first calvers. Calves are all sired by a Stud Pine Valley Droughtmaster Bull. These Cows present as medium frame and are doing a great job on their calves. Please see photos and videos for your satisfaction.
