Assessor Comments	An attractive line of Shorthorn and Shorthorn Santa cross PTIC heifers. Mostly straight reds with some roans. The mob includes two white shorthorns, three blacks, with the odd heifer showing brindle, all are tidy headed. Heifers are well grown and stand on sound feet and legs. Pregnancy scanned on July 27 and found to be from 2 to 7 months in calf to quality Drensmaine Santa Gertrudis bulls. The Landsdowne Pastoral Company cattle enjoy a strong reputation for performance. NB, A small percentage have bang tails from a previous draft, but all have been scanned in calf. Will be delivered over two sets of yards.
