Assessor Comments	Buyers a very good line of well-bred Hereford cows averaging 520kg. To be fair to these cows, they have only had their calves weaned one week ago so therefore are not presenting as heavy as what they should be. Going forward in the next few weeks, these cows have the capacity to put a lot of weight on very quickly! They have good frame and length, and are displaying shape, style and type. PTIC to commence calving 5th February for 6 weeks, joined to AI Hereford sires and backed up to Hereford bulls. JBS FA, NG/ NA Note: Freight to Melbourne wharf approximately \$150 per head Note: Vendor has multiple lines in this sale
