Handled With	Very well behaved cattle, a pleasure to draft in an old yard set up. A small % did get upset when weighted and tagged Bikes , On foot , Vehicles		
Notable Traits	Traits 10 Head White udders		
Assessor Comments	Presenting a very smart line of 5 & 6 year old Angus cows with calves at foot. Moderate frame cows with plenty of depth of body and capacity. They are structurally sound and have good big udders for quality milk production. The calves are thriving, sired by Billaglen Angus bulls. Cows were Purchased as weaner heifers from the local area and have matured into fantastic production units. Weaning 370kg steer calves @ 9 months of age at last year's Blue ribbon calf sale. Selling due to seasonal challenges. *Not station mated, *Calves unmarked. 15% Tail removed at assessment.
