Assessor Comments	A handy line of Droughtmaster and Santa x PTIC cows. Cows are in calf to good quality Palgrove and Noller bred Charolais bulls. Majority of cows still have plenty of good years ahead of them and would be an asset to any potential buyers looking to replenish breeder herds or also suit trade opportunity. Cows only for sale due to sale of property. Cows have been running on lighter traprock country and should perform well given the chance on better feed. Potential buyers can buy these cows with confidence knowing the calf will be very marketable. **Please Note vendor has 2 other lots in this sale
