Really easy cows to handle. Drafted off from a larger mob without hassle, Stood in the race for about 1/2 an hour while some other cattle were shifted and the scales were set up - never stirred up, and all quietly walked up on to the scales once ready. All very well behaved, just one cow that did some pulling and bellowing in the head bail when she was being mouthed. All exited the crush sensibly and were well behaved in the laneway for photos.

Assessor Comments

Good small number of cows to suit a range of investment opportunities. All calved unassisted and doing an excellent job on their fresh, spritely young joeys. Cows are in forward store condition, but by no means over fat and will continue to pick up going in to Spring, making them an ideal line of quick turn around units, with a fresh calf to split off and a good large framed cow to fatten. Alternatively, they are very easy doing/easy breeding cows and would suit to put the bulls back in with in another couple of months time. Buyers please Note. Vendor has another 5 lot in the same sale and can assist with arranging transport.
