Assessor	Cravensville Estate offer the first stage of their herd dispersal. These heifers & calves are very even quality young females with great weight for age & plenty of milk under them. These heifers were purchased as weaners from the highly regarded Nankervis Family herd, with 25 years of Alpine Angus breeding behind them. The vendor has put a lot of focus on securing bulls in the top 25% of breed for growth & calving ease. These heifers are not rejoined, ready for joining to the bull of your choice. Highly recommended.
