Assessor Comments	Offering on behalf of KININMONTH Pastoral are 33x33 station mated Angus heifers, with 33 autumn drop Angus calves at foot. ***In same A+ sale, there is a further 32x33, both lots are same description, but where split into 'early' and 'lates' mobs for calving, with each a 6 week period, this lot comprises the 'LATES'/MID APRIL-MAY DROP calves.*** Heifers where purchased as PTIC heifers in spring last year. Calves are sired by Table Top & Scotts Angus bulls, and where marked on the 15th of June. Heifers have been running back with Murderduke & Coolana Angus bull for a late March 27' calving. This lot present in more forward condition and on the 'do' with the feed starting to improve, and doing a great job on their calves.
