Temperament

Yards	Crush	Paddock
Quiet: 4 head Slightly Stirry: 41 head	Quiet: 1 head Slightly Stirry: 44 head	Temperament not assessed in Paddock

Cows flowed well through the yards and race with majority slightly stirring when in the crush being mouthed, however once released back into the mob in the bigger yard they settled quickly. Cattle generally were a pleasure to handle throughout the assessment process.

Assessor Comments	A handy line of Santa & Droughtmaster x cows and calves. Cows are holding on well despite deteriorating seasonal conditions in the area, cows seem to be continuing to put it all into the calves, with calves being in a fresh forward condition, waiting to power on. Cows have been running on lighter traprock country for past 4 years so should perform well given the chance on better feed. Here offers potential buyers a great opportunity for a good trade to grow calf and fatten cow, or anyone looking to replenish breeder numbers.
