Assessor Comments	A handy line of Santa & Droughtmaster x Station mated cows. Cows have all been running with Santa Bulls with a fair portion of the mob showing visible signs of being in calf. Cows were given opportunity to bulls from December through to March. Cows are a genuine sale due to on-going dry seasonal conditions in the area. Cows have been running on lighter trap rock country for the past 4 years and should perform well given the chance on better feed. **Please note vendor has another lot of 45x42 Cows & Calves in the same sale.
