Assessor Comments	Presenting a smart lot of well bred Shorthorn cows, PTIC. These Weebollabolla blood cows have had the opportunity to Shorthorn sires on the breeders property prior to shifting to the vendors property but any early Shorthorn calves would be born by now (hence the 12 x 12 on offer this sale) then were depastured with a good quality Angus bull in March. Cows were purchased from the McLelland family, renowned Shorthorn breeders at Carinda. They are medium to large framed units in store to forward store condition. All were weighed averaging 608kg after overnight curfew. Mouths were solid on inspection. They are very nice units to split down the track or use in any breeding program. They comprise of 15 red tags and 8 blue tags. Please note: Vendors have 12 of these cows that have already calved on offer this sale as well.
