	Yards		Crush	Paddock
Handled With	Quiet: 9 head		Quiet: 9 head	Temperament not assessed in Paddock
	Well behaved lot of heifers to handle. Drafted off well from their calves, all with a good brain and good block. Led up the race quietly and were sensible standing in the crush to be weighed. All exited quietly and settled back with their calves. Walked back out to the paddock where they were once again run behind a single hot wire.			
	Bikes , On foot , Vehicles			
Notable Traits	Traits			
	1 Head Slight Rubbing			
	4 Head White splash on the udder/flank			
Assessor Comments	Exceptional line of young females. Bred by the Hearn family from Morven NSW, carrying 25+ years of pure Rennylea Angus Blood. These heifers were originally part of the Hearn's 'keeper draft' only being sold due to a high conception rate in their A.I program. Conceived in the first round of natural joining and all calving within 2 weeks, giving a very nice even drop of calves at foot. This is a lovely line of young mothers with everything right about them. Structurally correct, with a very long, deep, soft maternal barrel on them. Carrying a very good supply of milk and doing an excellent job with their young calves, all looking fresh, sappy and loved. These soft, pretty faced mothers have a very easy doing style about them and would improve most existing herds or be the pinnacle for a starting point to build a herd from. Buyers please Note. Vendor has 3 lot's alike in the same sale giving buyers an opportunity to put together 29x29 Pure Rennylea Breeders. *Being sold in their paddock lines - Drafted prior to calving to help with feed management & mothering.			
Assessor	Katie Lewis (Level 1 Accredited)
